She's not like anyone
Else you wonder why she captured
You like a fire fly
And makes you shine like you never could alone

And tell me can you see her shining
Through a crowded room where she's the view
And maybe she'll embrace your innocence maybe

Gets high but hates those cigarettes
She speaks and breaks your intellect
And she's allowed to change her mind
Oh just you try to stop her yeah

And tell me can you see her shining
Through a crowded room where she's the view
And maybe she'll embrace your innocence maybe

And so it is the same you've not been since
One hit and you were lit up like a fire fly
Be careful what you wish

She tells stories like a painter, yeah
With colorful words that I don't always understand
But it always sounds like somewhere better than here
Yeah, everywhere is better with her

And tell me can you see her shining
Through a crowded room where she's the view
And maybe she'll embrace your innocence maybe

And so it is the same you've not been since
One hit and you were lit up like a fire fly
Be careful what you wish

She has a subtle way
Of making you forget your darkness
Behind some clever conversation
No finer heart, could ever beat for you

And tell me can you see her shining
Through a crowded room where she's the view

And maybe she'll embrace your innocence maybe

And so it is the same you've not been since

One hit and you were lit up like a fire fly

Yeah and so it is the same you've not been since

One hit and you were lit up like a fire fly

She's not like anyone
