"Grand Canyon"

I came across a wonder,
Vision came to be
Echos of its greatness,
In our company
Wrote the pain in layers,
A traveled spirit guide
Whisper in the rhythm

We were searching for somehow
Reachin in to figure it out.

He said live to wonder
Try to ride with thunder
Dance around the fire light
Meet the canyon moon

Live to wonder
Keep from goin under
Keep from goin under
We go higher, higher, higher

Sorrowing high above it all
We're so lost in wonder
Where spirits learn to fly
Leave the ground behind us now
We were embers from the fire
Like tracers in the sky

We were searching for somehow
Reachin in to figure it out.

He said live to wonder
Try to ride with thunder
Dance around the fire light
Meet the canyon moon

Live to wonder
Keep from goin under
Keep from goin under
We go higher, higher, higher

(I don't know what he says here)
My spirit seekin brother
Hope that they will see
All our lifes will crumble (not too sure)
The eagles will be humble
Canyons walk for free

He said live to wonder
Try to ride with thunder
Dance around the fire light
Meet the canyon moon

Live to wonder
Keep from goin under
Keep from goin under
We go higher

He said live to wonder
These words will roll like thunder
Dance around the fire light
Meet the canyon moon

Live to wonder
Keep from goin under
Keep from goin under
We go higher,
We go higher,
We go higher
