Music by: J. Beres

Welcome to the world, oh yeah
A very unusual place
Don't let that scare you

Welcome to the world, oh yeah
It's in your face
It's all around you

Well it can't go on and on forever
So let it go
And hold on tight

It's all so new
Yeah you're so green
But I'll cover you
So enjoy the view
Yeah you're so green
Until you balance on the earth to find that love
Surrounds you

Welcome to the world, oh yeah
It's not your typical space
Just let it hold you

Welcome to the world, oh yeah
Don't quit the race
Let it unfold you
Pre-Chorus
Chorus

Anywhere you go
I'm gonna be one step behind you
You may not know
But I'll be there

Welcome to the human race
It's a very unusual place
But that's what makes it wonderful

Now your world has just begun

You're a very unusual one
And that's what makes you beautiful

Well it can't go on and on and on forever
So let it go
It will go on and on and on forever
When you go
So hold on
Hold on

Welcome to the world oh yeah
(Repeat)
