If you save you love me  
I will be a fortunate man  
Drop your inhibitions  
Lay them on the ground  
Where you stand

The only thing  
I'll change is everything  
Oh, come on won't you let me  
I will lift you up

Maybe I'm  
Not very pretty  
But I'm all that I got

So if you think  
About letting me in  
You'll never worry  
About nothing again

If you let me love you  
I will come through  
If you let me love you  
I will come through

If you let me love you  
I will come through  
I will come through  
Yeah, yeah, yeah, yeah

I'll celebrate you woman  
Carry you above everyone, yeah  
And in the shady hours  
I will be your midnight sun

The only thing  
I'll change is everything  
Oh, baby won't you let me  
I will lift you up

I'd rather spend  
A moment with you

Than forever with anyone

So if you think  
About letting me in  
You'll never worry  
About nothing again

If you let me love you  
I will come through  
If you let me love you  
I will come through

If you let me love you  
I will come through  
I will come through  
Yeah, yeah, yeah, yeah

So if your gonna let me  
I will come through  
If you let me love you  
I will come through

If you let me love you  
I will come through  
I will come through  
Yeah, yeah, yeah, yeah

Let me love you  
I will come through  
Let me love you  
I will come through

Let me love you  
I will come through  
Let me love you  
I will come through
