Lend me your ear
And I'll tell you about the things I fear baby
Open your heart
And I'll tell you why I'm torn apart maybe
Lend me your heart
And we'll go chase down a falling star
Give me your hand
'cause it takes that fire to understand yeah

When was the last time you felt high?
Oh you were the best I've ever felt
'cause I don't need you to fix me
But I just want you to listen

It's killing me too
It's so wrong not to be with you
It's getting harder to stay awake
Yeah
It's killing me too
It stops my heart just to be with you
So listen
'cause you are the only one who cares to hear

Lend me your time
And we'll go somewhere and kill someone baby
Show me your soul
And I'll shine my light where it seems so cold now
Give me your lips
And I'll tell you about all the things I miss the most
Open your mind
And I'll crawl right up and sneak inside of it

When was the last time you felt high?
Oh you were the best I've ever felt
But I don't need you to fix me
I just want you to listen

It's killing me too
It's so wrong not to be with you
It's getting harder to stay awake
Yeah
It's killing me too

It stops my heart just to be with you
So listen
'cause you are the only one who cares to hear

Yeah
And oh when was the last time you felt high?
You were the best I've ever felt
And I don't need you to fix me
But I just want you to listen
Want you to listen
To listen

It's killing me too
It's so wrong not to be with you
It's getting harder to stay awake
Yeah
It's killing me too
It stops my heart just to be with you
So listen
'cause you are the only one who cares to hear
To hear me
