You stand aside and watch the angels pass you by  
Just open up to the cathedrals in your mind  
Cause no one here can stop a single sand of time  
But you try  
Oh you try

I'm waiting, I'm waiting, I'm waiting for you here behind  
the sun  
I'm waiting, I'm waiting, I'm waiting for you here behind  
the sun

Believe me when I say I'll see you once again  
And it's ok, babe, I don't expect you to understand  
Cause after all we're just a part of a bigger plan  
So don't you cry, don't you cry

I'm waiting, I'm waiting, I'm waiting for you here behind  
the sun  
I'm waiting, I'm waiting, I'm waiting for you here behind  
the sun

Now tomorrow you can find your way home  
And you'll see a light if you let love be your guide  
But you're not the same as a  
You change your heart and you change your name  
And I know it's painful just to say goodbye

When all is said and done I'll meet you behind the sun  
When all is said and done I'll meet you behind the sun  
I'm waiting, I'm waiting, I'm waiting for you here behind  
the sun
