Everything changes in the face of the moon
Night time's here and you're in full bloom
When you move me, my lunar girl

My feet two feet from the ground
I'm tasting colors and I'm seeing sounds
When you take me out of this world

Well, I, I count my blessings and hug my luck
Like an old brass penny with two heads up
It's alright if you're late
I just hope that you find your way soon

Shine down, light it up, wash it over
Waitin' 'round for my mandolin moon
Come around till the sweet sweet morning
Come along I'll be waiting for you, waiting for you

You pull the tides up around me
So much that it could drown me
And you surround me, my lunar girl

Don't tell I don't wanna hear
Wake me up before you disappear
Won't you take me out of this world

Well, I count my blessings and hug my luck
Like an old brass penny with two heads up
It's alright if you're late
I just hope that you find your way soon, yeah

Shine down, light it up, wash it over
Waitin' 'round for my mandolin moon
Come around till the sweet sweet morning
Come along I'll be waiting for you

I'm waiting, still waiting
If only you could stay a while
I'm waiting, still waiting
If only you could stay a while

I'm waiting, I'm waiting

If only you could stay a while

Shine down, light it up, wash it over
Waitin' 'round for my mandolin moon
Come along till the sweet sweet morning
Come along I'll be waiting for you

Shine down, light it up, wash it over
Waitin' 'round for my mandolin moon
Come around till the sweet sweet morning
Come along I'll be waiting for you

Shine down, light it up, wash it over
Waitin' 'round for my mandolin moon
Shine down, light it up now
