"Mosquito"

Yeah you're like a mosquito
Sucking my ego
Try again
And you're in my apartment
With an assortment of bad perfumes

Oh, how can I say this
You've got your contagious and usual vices
Now I'm not going to take it
How could I mistake this
For something normal, yeah

But I'm already gone from here, yeah
I'm already over this
I've done all that I can
And I can't understand
So I hope that I won't
See you later

Yeah you're like a mosquito
Bleeding my ego
Try again
How many times can I tell you
Would it just kill you to disappear

No you don't even listen
You're so busy kissing yourself in the mirror
Oh, how can I shake this
And how'd I mistake this
For something normal

But I'm already gone from here, yeah
I'm already over this
I've done all that I can
And I can't understand
So I hope that I won't
See you later

Cause I can't even reach you anymore, more
Cause I can't stand to touch you anymore

Cause time and time again I tried

You're still in my apartment
Haven't even started to disappear
And it's beginning to sink in
Now that I'm thinking I should be nervous

Cause the way you abuse it
When others would lose it
I hope it's you
Oh I don't have to fake it
Did I mistake this for something normal

I'm already gone from here, yeah
I'm already over this
I've done all that I can
And I can't understand
So I hope that I won't
See you later

It's all that I can
And I can't understand
So I hope that I won't
See you later
