We are just children understand
Were two in a million
But precious grains of sand
We slip through the fingers
And dancing on the wind
We find each other

One you, one me
One chance for us to live
One heart, one soul
One life for us to give
One dream, one mind
One sky up above
One you, one me

One love
Yeah, yeah, yeah
One love

A star made a wish on us tonight
Hangin' out in heaven
Inspired by our light
And she knows how it feels
To shine on all the world
And last forever

One you, one me
One chance for us to live
One heart, one soul
One life for us to give
One dream, one mind
One sky up above
One you, one me

One love
Yeah, yeah, yeah
One love

Surrender, all your battles
It's only love, that makes us matter

We are the possibilities

As endless as our imagination

One you, one me
One chance for us to live
One heart, one soul
One life for us to give
One dream, one mind
One sky up above
One you, one me

One love
Yeah, yeah, yeah
One love
Yeah yeah yeah
One love

One you, one me
One chance for us to live
One love
One you, one me
