If she's out there somewhere, somewhere
I would give everything to know
Just to hold and to finally have her
Take me to sunrise from indigo

If it's to be
There's just no one for me
I'll try not to cry much
So no one will see
But if it's to be, yeah
There is anyone for me
Our hearts will shine
So everyone will see

I've got some time
So maybe if you're free
I could use a friend
Just to talk to me

If she's out there somewhere, somewhere
I would give everything to know
Just to hold and to finally have her
Take me to sunrise from indigo

Lived most of my life without
With anyone near
Never cared what happened
You know, I never saw clear
But I'm getting older now
I'm thinking 'bout my end
And to leave without love
Or without a friend

Well, its getting late
But maybe if I tried
I could find one
Before I die

And if she's out there somewhere, somewhere
And I would give everything to know
Just to hold and to finally have her
Take me to sunrise from indigo

It's not all over yet
(It's not all over)
I'm still standing, yeah

If it's to be
That there's no one for me
I will try not to cry much
So no one will see
I've got some time
So maybe if you're free
I could use a friend
Just to talk to me

And if she's out there somewhere, somewhere
I would give everything to know
Just to hold and to finally have her
Take me to sunrise from indigo

And if you're out there somewhere, somewhere
I would give everything to know
Take me to sunrise from indigo
