"Sail Away"

Azure water, south of the border
Takes me to higher ground
Lost in the weekend
Ain't it funny how the sea can
Make you feel found

We'll just sail away into the summer night
Everything gonna be all right if you're lost at sea
Baby we'll sail away into the southern sky
Everything gonna be just fine, sail away with me

Hoist up the mainsail
Add a little bam to the ginger ale
And head on straight down to Mexico
Rockin' the boat with the band
For a little late-night jam
Let it steal your soul

We'll just sail away into the summer night
Everything gonna be all right if you're lost at sea
Baby we'll sail away into the southern sky
Everything gonna be just fine, sail away with me

He llegado a ser perdido en el mar
And we measure the time
By the good ones that we have
Watch the hours turn to sand

While we're striking up the band

We'll just sail away into the summer night
Everything gonna be all right when you're lost at sea
Baby we'll sail away into the southern sky
Everything gonna be just fine, sail away with me

Baby just sail away into the summer night
Everything gonna be all right if you're lost at sea
We'll sail away into the southern sky
Everything gonna be just fine, sail away with me

Music comin' from down the hall
Just makes you want to sing along

Sail away
Show me the way up to your room
We'll put a sign up that says "Come back
soon"
Sail away
So here's to you and here's to me
Here's to getting lost at sea
We'll sail away
Here's to you and here's to me
Here's to getting lost at sea
Sail away
