Save me and have mercy  
Turn me upside down  
I know it sounds a little bit lazy  
But I lost myself in a mystery  
Save me, some aggravation  
And tell me your wisest tale  
Take me away, yea

(Won't you save me?)  
Please hurry please  
Won't you tell me  
What's worthy now?  
(Won't you save me?)  
Yea, I thought for myself  
Can't you forgive me for that?

Turn round where ya goin'  
Slow down my hopes on you  
I've paid my dues a thousand times over  
'Cause I was not born readymade  
Teach me, teach me everything  
And leave no turn unstoned  
Well that's okay, yea

(Won't you save me?)  
Please hurry please  
Won't you tell me  
What's worthy now?  
(Won't you save me?)  
Well, I thought for myself  
Can't you forgive me for that?

We've been on this walk before  
And I can't take it lightly anymore  
Well again I said  
It's just there so much wasted time  
Quit wastin' time

Hold on, wait a minute  
Take note this one's on me  
They never put up a monument  
For a cynic or a statue of a hypocrite

Turn it up, turn it over  
Tune in and change your mind  
Go your own way, yea

(Won't you save me?)  
Please hurry please  
Won't you tell me  
What's worthy now?  
(Won't you save me?)  
Yea, I thought for myself  
Can't you forgive me for that?

(Won't you save me?)  
Can't you forgive me for that?  
(Won't you save me?)  
Can't you forgive me for that?  
(Won't you)  
Woh save me?  
(Won't you save me?)  
Now, now save me
