"She's Gone"

Last night
Last goodbye
Last time
Last cry

It used to be so easy
It used to be so new
We built these walls together
Now all the walls they block the view
Kept me from you

I'm alive, I'm alone
The silence keeps on ringing in my head
She's gone, she's gone
I never even heard what she said

Everything that's missing
The reminders of you
I'm picking up the pieces
And all that I find
Was not wasted time
What else could I do

I'm alive, I'm alone
The silence keeps on ringing in my head
She's gone, she's gone
I never even heard

I'm alive, I'm alone
The silence keeps on ringing in my head
She's gone, she's gone
I never even heard what she said

I'm alive, I'm alone
The silence keeps on ringing in my head
She's gone, she's gone

I never even heard what she said
She's gone
