"Take A Bow"

See your reasons in your conscience too,
Save your stories for somebody new,
I know your one in a million but that ain't enough for
me,
How was I supposed to know it was all a show.

So baby take a bow,
Smile for the crowd,
I'm already over your crying shoulder,
So you go your way and I'll do the same.

Take your memories they just wash away,
In your diaries you can make what you did ok.
How was I supposed to know, it was all a show
So baby take a bow,
Smile for the crowd,
I'm already over your crying shoulder,
You go your way, you should really,
Take a bow, smile for the crowd
Cause I am over your crying shoulder,
You go your way and I'll do the same.

Do you even hear yourself or half the things you say,
Do you even know the lives you fought away,

So baby take a bow,
Smile for the crowd,
I'm already over your crying shoulder,
You go your way, you should really,
Take a bow, smile for the crowd
Cause I am already over your crying shoulder,
You go your way you should really,
Take a bow,
Smile for the crowd,
Cause I am over your crying shoulder,
So you go your way and I'll do the same.
