I've been here for a while  
Let the world come to me  
It's easier that way  
I drink in what I see  
How can I leave  
How can I leave  
She knows me so well  
Better than I know myself  
How can I leave  
How can I leave

The dance on my street  
Was elegant and wild  
Her lips were salty sweet  
Hidden in a flawless smile  
How can I leave  
How can I leave

This is where I fly  
She didn't stand a chance  
And here is where I die to tell her  
It's out of my hands

The truth is it doesn't have to end  
Meet in the middle and we'll do it all again  
The truth is that life begins to bend  
Around itself and turns before it comes around again  
Stole my first kiss  
Underneath her summer sun  
How can I leave  
How can I leave

The first thing I see every time I close my eyes  
Sea and land meet  
Amarillo sun is rising  
How can I leave  
How can I leave

This is where she cries  
I didn't stand a chance  
And here is where I die to tell her  
It's out of our hands

*[Chorus]*

And I said enough  
I've done what I came here for  
And maybe more than that  
But the devil you know  
Is safer than the chance that you take with something  
new

*[Chorus]*
