Don't know what I'm gonna make of this
Feeling contemplative today
Used to finding solace
In what I bought or what I thought but
That's not going to be satisfactory today

Used to run and try to hide
Today I'll stay and pick a side
If I die well least I tried
Your standin' in my way

Looked around this place to see where I belong
Feel misunderstood again today
Such a strange sensation
Being my kind here in this time, yeah
But that's not 'cause for much, aggravation today

Used to run and try to hide
Today I'll stay and pick a side
And if I die well least I tried
Your standin' in my way

Yeah yeah, where was I
When Jimmy had kissed the sky
And a Beatle said it's not too late
To give peace a chance, yeah
I survived 'The Brady Bunch'
And the age of 'Let's do lunch'
Time is time, yeah, time is time
Time and time again

Used to run and try to hide
Today I'll stay and pick a side
And if I die well least I tried
Your standin' in my way

Yeah, yeah
I'm loving

Used to run and try to hide
Today I'll stay and pick a side
And if I die well least I tried

Your standin' in my way
