Just hold your breath
To make sure you won't wake up again
'Cause you ruined my 04
That's the best that I could hope for

To watch you fall apart from the inside
We're gonna spread it to the world
To the world about how you lied
How you lied

A free lesson on growing up, never trust anyone
To the point where your back's exposed
Every person I've ever known was a fake
And you'll see your closest ones go first
Who needs enemies, you got friends

I'm a gentleman and you're a liar
I expect the best of you but it's so hard, but it's so hard
I'm a gentleman and you're a liar
I expect the best of you but it's so hard, but it's so hard

Let's start over when we reach the top we'll watch you
bury yourself
This wasn't easy, it wasn't easy
Let's start over when we reach the top we'll watch you
bury yourself
This wasn't easy, it wasn't easy

A free lesson on growing up, make the best of their
worst
And never compromise what you feel is right
I make a point to be powerful when I speak
Be the one that gives them nightmares when they sleep
Never back down from anyone

I'm a gentleman and you're a liar
I expect the best of you but it's so hard, but it's so hard
I'm a gentleman and you're a liar
I expect the best of you but it's so hard, but it's so hard

Let's start over when we reach the top we'll watch you
bury yourself

This wasn't easy, it wasn't easy
Let's start over when we reach the top we'll watch you
bury yourself
This wasn't easy, it wasn't easy

I watched the weight of your world
Cave in to crush you
I watched the weight of your world
Cave in to crush you

I watched the weight of your world
Cave in to crush you
I watched the weight of your world
Cave in to crush you
