I'm so afraid, I can't hold on this time
That's why I write, to let you know
Just what goes on

'Cause this is me, and everything I've dreamed
And you know that I can't just settle for anything

Just once more can we pretend that everything is okay
And that we are all happy

Breathe hope in me
I need you
I try so hard to make this work in my life
I still believe in you

Play that faster and maybe they will move to our sound
This is the way it's supposed to be
Coming together, on the dance floor will
You light the scene

Sing along
This is your favorite song
And we'll play along
'Cause you're the reason I'm alive

Close your eyes
Sit back and relax, we'll be okay
Time and time again,
I'll pray you're looking back
By the wake

So here we, we are, again [x4]

Close your eyes
Sit back and relax, we'll be okay
Time and time again,
I do hope you come back
By the wake

Close your eyes
Sit back and relax, we'll be okay
Time and time again,

I'll pray you're looking back
By the wake
By the wake
Awake
By the wake
