Don't blink, they won't even miss you at all
And don't think that I'll always be gone
You know I've got you like a puppet in the palm of my
hand
Don't you let me down

So run like hell, sleep with one eye open
You can forgive or forget
You will tell everyone the damage done
Too bad you can't stop me, you can't stop me now

I'll be there just to watch you fall
So don't push me, I got nothing to lose

Don't blink, they won't even miss you at all
And don't think that I'll always be gone
You know I've got you like a puppet in the palm of my
hand
Don't you let me down

There I go again, I mean it's so damn hard to come
back
From the mess that you've made
I'm the answer to no one thought you're so
You're a snake and I contest, just use your head

I'll be there just to watch you fall
So don't push me, I got nothing to lose

Don't blink, they won't even miss you at all
And don't think that I'll always be gone
You know I've got you like a puppet in the palm of my
hand
Don't you let me down

Don't blink, they won't even miss you at all
And don't think that I'll always be gone
You know I've got you like a puppet in the palm of my
hand
Don't you let me down

Come on, oh

Everybody's out to get me, any moment could be my
last
This is it, you can take it or leave
Will you run? I will stand on my own two feet
Just breathe, just breathe

Don't blink, they won't even miss you at all
And don't think that I'll always be gone
You know I've got you like a puppet in the palm of my
hand
Don't you let me down

Don't blink, they won't even miss you at all
And don't think that I'll always be gone
You know I've got you like a puppet in the palm of my
hand
Don't you let me down, oh
