Don't blink,
They won't even miss you at all
And don't think,
That I'll always be gone

You know I've got you,
like a puppet in the palm of my hand,
don't you let me down

So run like hell,
sleep with one eye open
You can forgive or forget
You will tell everyone the damage done
Too bad you can't stop me
You can't stop me now

I'll be there just to watch you fall
So don't push me,
I've got nothing to lose

Don't blink,
They won't even miss you at all
And don't think,
That I'll always be gone

You know I've got you
like a puppet in the palm of my hand,
don't you let me down

There I go again,
I mean its so damn hard
to come back from the mess that you've made
I really don't know, I told you so
You're a snake and I confess

Just use your head

I'll be there just to watch you fall
So don't push me,
I've got nothing to lose

Don't blink,

They won't even miss you at all
And don't think,
That I'll always be gone

You know I've got you
like a puppet in the palm of my hand,
don't you let me down

COME ON

ooooooooOOOHHH

ahem

Everybody's out to get me
Any moment could be my last
This is it,
You can take it or leave it
Right or wrong I will stand on my own two feet

JUST BREATHE

JUST BREAATHHE

(x2)
Don't blink,
they won't even miss you at all
And don't think that I'll always be gone
You know i've got you
like a puppet in the palm of my hand,
don't you let me down

OH
