

A Day To Remember "It's Complicated"

Visit "[It's Complicated](#)" on MotoLyrics.com

Here we go again, another night of being bumped
I keep to myself, avoid the sun
And cancel plans with everyone
I know cause its just how it always ends
Our bond will break cause you can't relate
To anyone, to anything at all

You brought your worst and I'm right here
Now I've seen it all, and it's never been so clear

You're not the person that I knew back then
It's all to late to set things right cause everything
has been
You're not the person that I knew back then
Lets try and act like this didn't happen, move on with
your
friends like you ever had them

You still know me, still not cut out for this sort of
thing
Never want to be, caught in between
I need constant reminders of everything
So what! It's who I am, but I think I played it off so
well
I just hold it in, no matter how I've been, so nobody,
nobody can tell

You brought your worst and I'm right here
Now I've seen it all, and it's never been so clear

You're not the person that I knew back then

It's all to late to set things right cause everything
has been
You're not the person that I knew back then
Lets try and act like this didn't happen, move on with
your
friends like you ever had them

I won't sleep till the break of dawn
(Break of dawn!)
I cant let our problems find me here

so everybody come on!

You brought your worst and Iâ€™m right here
Now I've seen it all, and itâ€™s never been so clear

Youâ€™re not the person that I knew back then
Itâ€™s all to late to set things right cause everything
has been

Youâ€™re not the person that I knew back then
Lets try and act like this didnâ€™t happen, move on with
your
friends like you ever had them

Youâ€™re not the person that I knew back then
Itâ€™s all to late to set things right cause everything
has been

Youâ€™re not the person that I knew back then
Lets try and act like this didnâ€™t happen, move on with
your
friends like you ever had them
