Wake up!

Oh how the times have changed.
You're not the person I knew back then.
Let's get this straight.
This is a calling, when will they stop falling for this?
You lack all inspiration.
We're not the same.
I'll do whatever it takes to get it through to you.
We'll call this a day.
We're not the same.
You are worthless.
Stay in your place.

It's like speaking in tongues
To all of you now
When will we ever get what we deserve
How long until the tables turn
When will we ever get what we deserve

I've created a monster.
I got a side of me that no one should see.
So quit stalling, pack your bags, keep walking away.
Your life leads to destruction.
We're not the same.
I've struggled too long to sit back and let you take this
from me

We're not the same
I have given everything

It's like speaking in tongues
To all of you now
When will we ever get what we deserve
How long until the tables turn
When will we ever get what we deserve

Get what we deserve?
Get what we deserve?
Get what we deserve?

Disrespect your surroundings!

You won't make it out alive.
You won't make it out alive.
You won't make it out alive.
You won't make it out alive.

It's like speaking in tongues to all of you now
When will we ever, when will we ever get what we
deserve?
How long until the tables turn?
When will we ever, when will we ever get what we
deserve?

When will we ever get what we deserve?
When will we ever get what we deserve?
