Somebody give me a sign
That everything is going as planned,
And then everything falls away
Into the darkness of this shallow place.
The detail is striking,
The rooms cold and frightening
You'll kick and you'll scream,
You'll try everything to survive,
But you should know your fate by now.

They told me, how I should be,
But I broke the mould somehow

It's too late, too late.
You keep trying to resolve the past right now.
But I swear I'll be the one
To let the world know what you've done to me.

You, you know you gotta search yourself
Leave what you need for now
It's not the time or place your searching for
All I can give them is my worst intentions

You're nothing to me, and everyone can see that
Your life's a lie,
There's no where left to hide

They told me, how I should be
But I broke the mould somehow

It's too late, too late.
You keep trying to resolve the past right now.
But I swear I'll be the one
To let the world know what you've done to me.

Watch your back, you'll lose yourself
This is a battleground
When will they know

Your life's a lie

It's too late, too late.

You keep trying to resolve the past right now.
But I swear I'll be the one
To let the world know what you've done to me.

They told me, how I should be
But I broke the mould somehow
