Get up, get out, this is your wake up call.
We run this town and you can't fight us all.
We keep on coming back for more.
Don't think you can hold us down.
We'll tear this building down.
Try to be careful what you say
Give it up, your tact is astounding.
Find your place and leave us with some peace of mind.
You do this every time.

So here's to another better year,
We've crossed that thin line.
Don't try to hold us here.
If for just this once you'd think of us.
I hope you're happy with yourself.

Get up, get out, who's gonna break your fall?
When we don't back down, you're gonna seem so
small.
We keep 'em running for the door.
Just wait, things will come back around.
It's too late for them, they're heading straight for a
meltdown.
I'm not a part of your cliché.
Give it up, your tact is astounding.
Find your place and leave us with some peace of mind.
You do this every time.

So here's to another better year,
We've crossed that thin line.
Don't try to hold us here.

If for just this once you'd think of us.
I hope you're happy with yourself.

So here's to another better year,
We've crossed that thin line.
Don't try to hold us here.
If for just this once you'd think of us.
I hope you're happy with yourself.

Just think about, just think about everything.

Be careful now, be careful what you say,
while I'm away.

This is the life we chose, this is the life I lead
They can never take this from me
This is the life we chose, this is the life I lead,
They can never take this from me

So here's to another better year,
We've crossed that thin line.
Don't try to hold us here.
If for just this once you'd think of us.
I hope you're happy with yourself.

So here's to another better year,
We've crossed that thin line.
Don't try to hold us here.
If for just this once you'd think of us.
I hope you're happy with yourself.

So here's to another better year,
I hope you're happy with yourself.
