

A Day To Remember "Violence"

I've been feeling like everything's for nothing.
In fact I've never felt so god damn small.
Always looking for the bright side to find the strength
for when I fall.
I'm still believing that life has a meaning.
Can't cope with things that there's not.
I'm so divided that I try to hide it
Its the only thing i've got!

Violence give me violence,
Cause they say we're the worthless ones.
Substance give me substance.
Heavy lies the crown as I cut you down

You can call this a warning. Its a warning
That we're downing in our malcontent
Tear me down like a cancer, whats your answer?
We're different and it makes you sick
There is a sadness here, on every corner, it's in our
hearts dear god I don't wanna trouble you much, but
we all need to know when enough is enough!
