It's the start of a brand new day
And I'm struggling to stay awake
So I can just stumble outside

Losing hope and my whole life
I'm just scraping by
Hoping no one will notice me

Here I am again
Trying to give in
To another bitter end

I don't think it'd be wrong
To be alone tonight
Please make this all end

(And I'm watching the lights flow by)

Watching the cars pass
Thinking they won't last
Darkness clouds all of my windows
Darkness clouds all of my windows

Taking my last breath
Time flows out my chest
I have lost the will to be
I have lost the will to be

Here I am again
Trying to give in

To another bitter end

I don't think it'd be wrong
To be alone tonight
Please make this end

And I could've changed the world
With my accomplishments
And I could've changed the world
With my accomplishments

Here I am again
Trying to give in
To another bitter end

I don't think it'd be wrong
To be alone tonight
Please make this end

And I could've changed the world
With my accomplishments
And I could've changed the world
With my accomplishments
And I could've changed the world
With my accomplishments
And I could've changed the world
With my accomplishments
