They used to tell me
"You've got to choose a side"
Now it's 4 years later and they beg for advice
Don't trust the critic he's a cynic
Make the call for yourself
This is my 10-step course to not be like everyone else
I know it's not the easiest route
And I know it leaves you overflowing with doubt
But if you want it you can have it
Hope it's all that you dreamt
Cause once you got it you're gonna get it
I won't be leaving this

You can't trust everyone you meet
They won't amount to anything
Go tell them, go tell them
It's not as simple as you think
You can't trust everyone you meet
They never meant that much to me
Go tell them, go tell them
It's not as simple as you think

Clenched fists held above me
You will never bring me to my knees
I said clenched fists held above me
You will never bring me to my knees

You'll get what you deserve.
