So I say goodbye to a town that has ears and eyes
I can hear you whispering as I walk by (as I walk by)
Familiar faces smiling back at me and I knew
This would make them change (make them change)

The only thing that's going to bother me
Is that you'll all call yourselves my friends

Why cant you look me in the eye one last time?

The writings on the wall, you've read that I'll be gone,
but if you call my name
Just know that I'll come running, for one for night to
spend with you
This is where I'm meant to be, please don't leave me

Iv'e read these stories a thousand times, and now I,ll
rewrite them all.
youre meddling in an anger you cant control. She
means the world to me, so hold
your serpent tongue. Is a whores lies worth dying for?
I'll just take my time.

The writings on the wall, you've read that I'll be gone,
but if you call my name
Just know that I'll come running, for one for night to
spend with you
This is where I'm meant to be, please don't leave me

I walked into your house this morning
I brought the gun from our end table
Your blood was spewn across the walls
They'll find you on your bathroom floor when I'm done

(But should I write it all off?)
(You should of killed me when you had the chance)
