verse 1:

I've always thought about the things that I need close to
me,
I've never been able to let go so easily
If only they taught love inside of all those history books
I'll teach you to love me and we will never end

Pre hook:

So can we go,
Turn back time
Go back to a place I keep you in my mind
You're all I know
You're all I need
Can I cast a spell to keep you here with me

Hook

Everybody's tryna keep you
Away from me
Is it not right to be with you
And be all you need
Cos I get so lonely when you're not here
So stay with me
Stay with me tonight (tonight, tonight)
Stay with me tonight (tonight, tonight)

V2

I've never thought love so magical was meant to be
I've seen it in movies but I never thought it was meant
for me
But when you came into my life I felt brand new inside
You hold my hand and said my name and looked into
my eyes

Pre hook:

So can we go,
Turn back time
Go back to a place I keep you in my mind
You're all I know
You're all I need
Can I cast a spell to keep you here with me

Hook
Everybody's tryna keep you
Away from me
Is it not right to be with you
And be all you need
Cos I get so lonely when you're not here
So stay with me
Stay with me tonight (tonight, tonight)
Stay with me tonight (tonight, tonight)

Bridge:
Tell me if I promise
Promise that I give you
Everything you see and
Someone you believe in
I'm supposed to be the
Be the only one you
You ever need to love

Hook
Everybody's tryna keep you
Away from me
Is it not right to be with you
And be all you need
Cos I get so lonely when you're not here
So stay with me
Stay with me tonight (tonight, tonight)
Stay with me tonight (tonight, tonight)
