v1

We've come a long way looking back
It's time I tell you where my heart is at
I wanna show you how far we can go
Let's shout it out and let the world know

Pre

People keep waiting
People keep looking for love
For love (for love)
For love (for love)
I can't believe it
This love you've given to me
And now

Hook

Lover's come
Lover's come and go
We will grow together
We will stand for love
We will fight,
We will fight
We will fight for love
We will fight,
we will fight
we will fight for love
For love

v2

Hard to explain the way I feel inside
It's like I'm flying way up in the sky
There isn't anything that we can't do
That's how I'm feeling when I'm next to you

Pre

People keep waiting
People keep looking for love
For love (for love)
For love (for love)
I can't believe it
This love you've given to me

And now

Hook

Lover's come
Lover's come and go
We will grow together
We will stand for love
We will fight,
We will fight
We will fight for love
We will fight,
We will fight
We will fight for love
For love

Bridge

Time passes by
And our love gets stronger
I'm stronger with you
I look in your eyes
And I don't need anyone but you

Lover's come
Lover's come and go
We will grow together
We will stand for love
We will fight,
We will fight
We will fight for love
We will fight,
We will fight
We will fight for love
For love

Hook

Lover's come
Lover's come and go
We will grow together
We will stand for love
We will fight,
We will fight
We will fight for love
We will fight,
We will fight
We will fight for love
For love
