"Lost In Space"

Sometimes, I get tired of this mean first attitude
You are the one thing that keeps me smiling
That's why I'm always wishin' hard for you
Coz your light shines so bright
I don't feel no solitude
You are my first star at night
I'd be lost in space without you

[Chorus]
And I'll never lose my faith in you
And I will never get to heaven if I do

It feels just so fine when we touch the sky me and you
This is my, my care of heaven
Why can't it always be so good?
But it's all right I know you're out there
Doing what you gotta do
You are my soul satellite
I'd be lost in space without you

[Chorus]
And I'll never lose my faith in you
And I will never, oh, get to heaven if I do
And I'll never lose my faith in you
And I will never, oh, get to heaven if I do

I'll never lose my faith in you
I'll never lose my faith in you
I'll never lose my faith in you
I'll never lose my faith in you
