All of my life  
There were things I wanted to do  
But they all changed  
The moment I set my eyes on you  
The magnetism that attracted me to you  
There's something inside I just can't explain  
And now I know  
What I must do

Hey look at the sun  
It's finally shining on my life  
It's shining on my life  
And it's all because of you  
It's finally shining on my life  
For me and for you

All of my life  
I've wandered 'round time and again  
But I never thought  
That all my searching would  
Come to an end  
And then you came along  
And my world of love began  
So now i'm gonna  
Change my ways  
You're all I want  
You're all I need

Hey look at the sun  
It's finally shining on my life  
It's shining on my life  
And it's all because of you  
It's finally shining on my life  
For me and for you

Hey look at the sun  
It's finally shining on my life  
Hey look at the sun  
It's finally shining on my life
