Girls- There's nowhere in the world that I would rather
be, than with you my love

Boys - And there's nothing in the world that I would
rather see, than your smile my love

For united we stand
Divided we fall
And if our back would ever be against the wall
We'll be together, together
You and I
For united we stand
Divided we fall
And if our back would ever be against the wall
We'll be together, together
You and I

Girls - And if the world around you falls apart my love, I
would still be here

Boys - And if the going gets to hard along the way and
you thought I win

For united we stand
Divided we fall
And if our back would ever be against the wall
We'll be together, together
You and I
For united we stand
Divided we fall
And if our back would ever be against the wall
We'll be together, together
You and I

Girls- There's nowhere in the world that I would rather
be, than with you my love

Boys - And there's nothing in the world that I would
rather see, than your smile my love

For united we stand
Divided we fall
And if our back would ever be against the wall
We'll be together, together
You and I

For united we stand
Divided we fall
And if our back would ever be against the wall
We'll be together, together
You and I
