Well, I remember when we first met.  
He left you and that made you very upset.  
I came along and made you smile,  
And things got better after a while.

See, you and me, we were a hit.  
I thought it could not get better than this.  
But now your back together with him,  
And there is something that I have learned since then.

Well the best things I know,  
Are the best things I can't have.  
I'll keep on looking at you,  
And you'll keep making me sad.

Head over heels, I do not know,  
If I should stay or if I should go.  
But looking at you everyday,  
Well that's my only reason to stay.

'Cause we will never be together,  
The way you look at him it says forever.  
But I know I could treat you right,  
I won't fuck you over, every other night.

Well, now I guess we're through,  
You screwed me over good.  
You're back to lovin' him,  
And now you're calling me friend.

And every night in my bed,  
You stay stuck in my head.  
I think of how we clicked,  
But now you're such a bitch!

Well the best things I know,  
are the best things I can't have.  
I'll keep on looking at you,  
And you'll keep making me sad.

The best things I know,  
Are the best things I can't have.

I'll keep on looking at him,  
And wishing he was dead.
