[Solo:Erick]

There is a place where
Men used to live
A place where the mountains
Reach the blue sky
Out of this town
A black dragon lies
Time to time a ritual is done
He will guard this holy place
Of sinister powers and misery times
Looking for a lady
With a clear heart

[Both]

You the great warrior
Will have to give
A virgin heart to the
Guardian of fire
But this time, your soul choses the light
You won't sacrifice this enchantment that you feel
This wonderful maiden
Took your soul away

[Bridge:]

Searching for the way to save
This illusion that you have made
You fear for your people and the fury to arise

[Chorus:]

Distant old village don't lose your faith in me
Don't turn your back again
Don't run from your own destiny
And cry out for your pain

[Both]

[Solo:Nicolas/Erick]

The ritual is mine
I suffer for it I believe that I will die
Great deep blue lake
You take me back

To the huge glory of my war
All my senses are united
And my blood I will spill

[Solo:Sebastian]

Great warrior brave is your heart
That send me to death in this journey of hate
The great deep blue lake
Is turning red

[Bridge:]
Praying for her life the maiden
Knows that she will die this day
Crying out with horror in stupor
She will die

[Chorus:]
The sacrifice couldn't stop the drangon's rage
The mystic great warrior
Was defeated by the dragon's rage
And his soul rests in pain.
