You know I left  
You behind  
You aren't mine

You're just another  
Woman in line  
You aren't mine  
No longer mine

And when you  
Followed me in your car  
I wondered why  
And since you  
Harassed me  
Now I'm thinking you're losing your mind

Those nasty things  
That you said  
Echo in my head  
Those dirty deeds  
You were f\*cking around  
With the boys in town

And when your  
Pupils dilate and sweat rolls down your mind  
Remember  
The guilt you stitched your wearing it better than I

Nothing is unconditional  
My sugar sky  
My angel eyes  
This us became  
Habitual  
It made me die

And when I  
Asked you you just gave me your beautiful lie  
And now that  
This trust is fucked I'm packing another goodbye
