I may never see your
Pretty face again
And given what the state
Of both our lives are in
Well see tomorrow differently
From now on

I could never hide
Behind these eyes again
Confessing has left this
Vexing breadth between us and
You'll look upon me
Differently from now on

It's not a sin for you
To fear those words from me
The feelings I've expressed
Could ruin everything
But I wouldn't take those
Words back dear if I could

Hey there misses sinner girl
Yeah I've been thinking of you
You knew before I told you
Hey there silent siren girl
Yeah I've been drawn into you
You knew before I told you

Heard your voice stained tearfully
The miles from your side
Have got the best of me
Your suffering in silence
Seems to have lost

Hey there misses sinner girl
Yeah I've been losing to you
You knew before I told you
Missed you so my sugar girl
You know I'd come back for you
Don't cry
I can't deal when you're blue

Let it rain and give me
Something else to hear
Besides this awkward silence
Hanging in the air

You said it all by saying
Nothing at all

Hey there misses sinner girl
Yeah I've been thinking of you
You knew before I told you
Goodnight misses sinner girl
Yeah I've been falling for you
You knew

Knew that I loved you
