You and me, we got along just fine
But deep inside I know there is more
Right next to you
I know you're the right one
Can't fight this feeling, I'm taking chances now

In my heart I feel that this is something real
I don't wanna let this moment go

(CHORUS 1)

Why oh Why, Do I feel this way?
When I'm with you I feel so alive
Why oh Why, will I hide away
I can't help it
I'm FALLING IN LOVE with you

Never ending nights when I'm alone with you
A lifetime of dreams coming true
Nothing comes close to what we have right now
You're the only one that matters now
In my heart I feel that this is something real
I don't wanna let this moment go

(CHORUS 2)

What if I fall in love?
What if I make you mine?
I wanna know if you'll be there by my side

(CHORUS 3)

You and me, we got along just fine
But deep inside I know there
