Death or glory  
I've been so bored going nowhere  
Pissed off with life  
Don't want no girls to hold me  
I only love my knife  
When it's night  
I'm out on my own  
In the streets  
There's murder on my mind  
Don't hate authority  
You know I'm not all mad  
Know that nobody loves me  
Don't make me sad  
Gonna stand up  
To the one's who bring me down  
I've got murder on my mind  
I can feel it now  
It grows stronger every day  
And my hatred grows  
More and more in every way  
Sing a song of death or glory  
Sing a song of smythe  
Sing a song of good and evil  
Gonna win my fight  
I just want to flush the shit  
From the street  
Murder on my mind
