Been running from these feelings for so long
Telling my heart I didn't need it
Pretending I was better off alone
But I know it was just a lie

So afraid to take a chance again
So afraid of what I feel inside

(chorus:)

But I need to be next to you (need to be next to you)
oh, I oh, I
I need to share every breath with you (share every
breath with you)
oh, I oh, I
I need to know I can see you smile each morning
look into your eyes each night
for the rest of my life
here with you, here with you
oh I
I need to be next to you
(need to be next to you)

Right here with you is right where I belong
I lose my mind if I can't see you
Without you there's nothing in this life
that would make life worth living for
I can't bare the thought of not there
I can't fight what I feel anymore

(chorus)

I need to have your love next to mine
for all time
Hold you for all my life
I need to be next to you

(chorus)

I need to feel u in my arms baby
oh, I oh, I (x2)
I need to be next to you
oh, I oh I
