I see you there, staring in the mirror  
Wishing that you'd disappear  
Your friends always fail you, your room's always dirty  
Your father is never around

But somewhere inside, you can feel there's a reason  
A reason for you to keep breathing

Chorus:

You are more than a heart simply beating  
If only you knew  
You can have this love that is bleeding  
Bleeding for you

Everyone here has someone to turn to  
But you don't know where you belong  
Counting the tears as they fall to the ground,  
Your heart breaks without any sound

But somewhere inside, you can feel there's a reason  
A reason to keep on believing

Chorus:

You are more than a heart simply beating  
If only you knew  
You can have this love that is bleeding  
Bleeding for you

Cut up and bruised, still thinking of you  
Love pouring out of His side  
Nailed to a tree, you were all He could see  
All to bring you life

Love is bleeding for you  
This love is bleeding for you

Chorus:

You are more than a heart simply beating  
If only you knew  
You can have this love that is bleeding  
Bleeding for you

Yeah, it's bleeding for you  
Bleeding for you
