I wanna come closer, but I'd feel so out of place
You're so beautiful, but I'm still ashamed
That after all I've done, I've fallen from grace
Are these hands I raise only raised in vain?
Then I hear your whisper say:

Chorus:

You can come as you are
You can never fall too far
You can run to my arms
And I will heal your broken heart
Come as you are

I wanna hold on to every single word you say
It's so wonderful to think that you would want me
But deep inside of me, I know that I'm unworthy
If all I know is this, how can I see what you see?
I hear your whisper say:

Chorus:

You can come as you are
You can never fall too far
You can run to my arms
And I will heal your broken heart
Come As you are

Come to me and I will love you
More than you have ever known before
Come to me and I will take you
Places you have never been before
I love you more

You can come as you are
You can never fall too far

Chorus:

You can come as you are
You can never fall too far
You can run to my arms
And I will heal your broken heart

Chorus:

You can come as you are
You can never fall too far
You can run to my arms
And I will heal your broken heart
Come as you are
Come as you are
