I remember when the light came rushing in
And my life with you began
It was all so different
I remember how you opened up my eyes
And I felt just like a child
Seein' stars for the first time
I can feel it in the sunlight
I can feel it in the dead of night
Your love has come for us

Chorus:
And it's glorious
You are holy, you alone are glorious
You're the only one who's worthy
From age to age you're still the same
You are glorious

I believe that you are here with us
And I will put my trust in you and that's enough
Oh, you are there when I'm breaking
You are there when my hands are raising
Jesus, for everything you've done

Chorus:
Singin' glorious
You are holy, you alone are glorious
You're the only one who's worthy
From age to age you're still the same
You are glorious

The author of the stars, you're jealous for my heart
Your hands are holding me, and now I finally see
We live and breathe to worship you

Chorus:
Glorious
You are holy, you alone are glorious
You're the only one who's worthy
From age to age you're still the same
You are glorious
Glorious
