Scratching the surface of who You are
In Your every whisper, I hear Your heart
Drawing me closer, closer to You
It's the beginning of something unseen
And I am still learning what this all means
But I'm coming closer
Closer to You

Chorus:

And I wanna fall in love,
I wanna be the one who's running after You
And I'm ready to give up on every other love
I'm only after You
After You

What I'm getting into, I still don't know
But I know it's worth it, my very soul
'Cause I'm getting closer, closer to You, to You

Chorus:

And I wanna fall in love,
I wanna be the one who's running after You
And I'm ready to give up on every other love
I'm only after You
After You

You have it all
You have it all my heart wants is You
After You
You have it all
You have it all my heart wants is You

Chorus:

And I wanna fall in love,
I wanna be the one who's running after You
And I'm ready to give up on every other love
I'm only after You

Chorus:

And I wanna fall in love,
I wanna be the one who's running after You
And I'm ready to give up on every other love
I'm only after You

After You
