"Pray You Through"

The walls are closing in
You feel alone, you feel afraid
Your heart begins to bend
You take a breath and then
It starts to break

Chorus:
I'm all out of words
There's nothing I could say to you
To take away the hurt
So let me pray you through
Let me pray you through

So lift your shaking hands
Don't say a word
I'll stay with you
The tears will heal the pain
You shouldn't be ashamed
To come undone

Chorus:
I'm all out of words
There's nothing I could say to you
To take away the hurt
So let me pray you through
Let me pray you through

Fall down
And let me carry you
I'll carry you

Chorus:
I'm all out of words
There's nothing I could say to you
To take away the hurt
So let me pray you through

Chorus:
I'm all out of words
There's nothing I could say to you
To take away the hurt
So let me pray you through

Let me pray you through
Let me pray you through
Let me pray you through
Let me pray you through
