V1:

It's not in mint condition

But when we start the ignition...look out!

PC:

It's a Japanese juggernaut

You better get out the way

CH:

When we're rollin' in the 5-1-0

It doesn't matter where we go

Taking everybody on

Push the gas and we're gone

When we're rollin' in the 5-1-0

We're the brothers that you wanna know

Gonna leave you in the dust

Never stop until we rust

V2:

It's got no working stereo (stereo, stereo)

It's got no power windows (5-1-0)...so what?

PC2:

Faster than a death rock song

You better get out the way

repeat CH
