V1:

I've got a girl who's got a mouth that just won't quit
Her mouth's got a tongue and I don't like the words
that roll off

Of it

PC1:

Tomorrow's the same as yesterday
I just can't seem to get a break
Nothing left to do but to explain it away when I hear my
friends

Sayin'

CH:

"Hey brother what's wrong"

I'm aggravated (so frustrated) (devasted)

"You just gotta move on"

Yeah, I know but I made it this long

So I guess that I'll be sleeping in the wet spot one more
night.

V2:

She's got a great body but it comes with a brain and
that's too

Bad

Her brain's got a list of a million things that make her
mad

PC2:

She doesn't like a word I say

I just can't seem to get a break

Nothing left to do but to explain it away when I hear my
friends

Sayin'

repeat CH

B:

Gotta tell ya that there's not much worse than

Sleeping in the wet spot

I gotta tell ya that there's not much worse
