Talking 'bout love - Tell me what it is?
Can you tell me in words - Tell Me what it is?

Love will prevail, love will win
Coz love is the answer to everything
Love for our sisters and brothers
For ourselves n'each other
How can we love this world
If we can't love one another?

Love - Oh love!Can you tell me in words?
Tell me what it is?

It's nuthin new, It's like Deja Vu
Everybody knows, but it nevers gets through
Love for our sisters and brothers
For ourselves n'each other
How can we love this world
If we can't love one another?

Love - Oh love!Can you tell me in words?
Tell me what it is?

No matter where you go
No matter what you say
No matter what you do
People are the same
