I wanna jump from the roof and hit the ground
Wanna build a bridge and fucking tear it down
I wanna skydive without a goddamn parachute
Hand you the gun and tell you to shoot

Yeahhhh!

I wanna smash my car into the side of the road
I wanna walk into the fire fucking let it explode
I wanna shoot up more than you ever could
I wanna walk blindfolded into the woods

Yeahhhh!

I wanna lock myself in a sealed tomb
I wanna push myself in and meet my doom

Yeahhhh!

Yeahhhh!

Yeahhhh!

Yeahhhh, fuck goddammit!
