I'm running away from the past left behind
I'm looking in every place trying to hide
The past is catching too close up to me
I didn't choose this but I'm now forced to flee

Anyway, why are we headed nowhere
Nowhere, nowhere to hide
Anyway, what's in it after all
Nowhere, nowhere to die

Haunting my every second of being
Running from everyone in my own dreaming
Scared of the truth and scared of the lies
Cannot win and I cannot try

Anyway, why are we headed nowhere
Nowhere, nowhere to hide
Anyway, what's in it after all
Nowhere, nowhere to die
Anyway, why are we headed nowhere
Nowhere, nowhere to hide
Anyway, what's in it after all
Nowhere, nowhere to die

Anyway, why are we headed nowhere
Nowhere, nowhere to hide
Anyway, what's in it after all
Nowhere, nowhere to die
